Creative Solutions for Term Life Insurance

Guaranteed Premiums

Life insurance premiums will never increase and are guaranteed to age 100. Thereafter no additional premium is due while the coverage can continue.

Guaranteed Benefits During Working Years

While the policy is in force, the death benefit is guaranteed 100% when it is needed most—during your working years when your family is relying on your income. Through age 70 (or 25 years if greater) your death benefit is 100% guaranteed.

Guaranteed Benefits After Age 70

Even after age 70, when income is less relied upon, the benefit is guaranteed to never be less than 50%. And based on current interest rates and mortality assumptions, the full death benefit is designed to last a lifetime.

Paid-up Benefits

After 10 years, paid up benefit begin to accrue. At any point thereafter, if premiums stop, a reduced paid up benefit is guaranteed. Flexibility is perfect for retirement.

Long Term Care (LTC)*

If you need LTC, you can access your death benefit while you are living for home health care, assisted living, adult day care and nursing home care. After the required elimination period, you get 4% of your death benefit per month while you are living for up to 25 months to help pay for LTC. Insurance premiums are waived while this benefit is being paid.

Contingent Benefit

If your LTC rider premiums were to be increased and would cause you to lapse your coverage within 120 days of an increase, you may reduce your benefit amount without any increase in premium or convert LTC coverage to paid up status equal to 100% of all LTC rider premiums paid, or 30 times the daily nursing home benefit allowed under the LTC rider.

Extension of Benefits (EOB)*

Extends the monthly Long Term Care benefit for up to an additional 50 months, after 100% of the base death benefit has been used for LTC.

Here's how LifeTime Benefit Term can help be Your Family's Champion As Life Insurance

LifeTime Benefit Term helps protect your family with money that can be used any way they choose. It is most often used to pay for mortgage or rent, education for children and grandchildren, retirement, family debt, and final expenses.

For Long Term Care

If you become chronically ill, your LifeTime Benefit Term policy will pay you 4% of your death benefit each month you receive Long Term Care. You can use this money any way you choose, and your life insurance premiums will be waived.

Your death benefit will reduce proportionately each month as you receive benefit payments for Long Term Care. Your life insurance will continue to help you protect your assets for 25 months. After 25 months of receiving Long Term Care Benefits, your death benefit will reduce to zero. With Extension of Benefits, if you continue to need LTC after you have exhausted your Death Benefits, you can receive up to 50 more months of benefits, for a total of 75 months of LTC benefits.

Restoration of Your Death Benefit

Ordinarily, accelerating your life coverage for Long Term Care benefits can reduce your death benefit to \$0. While in force, this rider restores your life coverage to not less than 25% of the death benefit on which your LTC benefits were based. This rider assures there will be a death benefit available for your beneficiary up to your insured's age 121.

For Terminal Illness

After your coverage has been in force for two years, you can receive 50% of your death benefit, up to \$100,000, if you are diagnosed as terminally ill.
